Roseburg Homeless Commission Meeting

08-23-2023

HTAG Update

HTAG held their August meeting on August 23, 2023 with approximately 21 members in attendance.

- Douglas centrally located Homeless Initiative led by the City of Sutherlin Update Hastings Village currently has 35 residents. A total of 15 residents have moved out since the start of the program. Hastings Village will be conducting a fall clean up to decrease some of the extra belongings to perform upgrades such as sewer and power installation in preparation for storage container housing (8ft X 12 ft apartments). Additional structures are planned as well to allow for more shelters. The City of Sutherlin in partnership with Umpqua Heart continues to apply for funding to expand the program. An additional funding application has also been submitted for replication in Roseburg.
- Immediate Needs Sub-Committee Update
 - i. Members reported recent spikes in overdoses stressing the importance of having Naloxone on hand to help prevent fatalities.
 - ii. UCAN has funds available to assist with eviction prevention and down payments for apartments.
 - iii. Members were pleased the recent cooling center was available during the heat wave helping to prevent fatalities. There was also a generous donation of 177 gallons of water which were distributed to people in need.
 - iv. Discussion was had over the implementation of the Time, Place and Manner Restrictions. Members report a lot of confusion about where homeless people can go. Discussion was had on how to make a simpler map to better assist people with where they can go.
 - v. Members discussed the need for a live Google Doc to know where supplies were available and who was eligible for them. The form has been developed but there is not clear direction from the various agencies on who can be contacted to update the form in order for it to be used properly.
 - vi. Umpqua Health Alliance provided Connecting Point Data showing the great work they are doing in partnership with other community partners.
- Housing Sub-Committee Update

Program development has continued for a local program which would provide accessory dwelling units to property owners willing to host a participant. The sub committee will be reaching out to local cities on a potential grant to assist with further development and funding for the program.

- Other Updates
Members will review and update goal and priorities at their next meeting.
