

CITY OF ROSEBURG
Community Development Department
LAND USE APPLICATION PROCESS

The City of Roseburg Land Use and Development Ordinance (LUDO) regulates development projects within the City, as well as some areas outside the City limits but within the Urban Growth Boundary. Community Development reviews new development proposals, as well as changes to existing uses and developments for compliance with LUDO, the City of Roseburg Comprehensive Plan, and other applicable codes and programs.

Typical Land Use Review functions include:

- Coordinating pre-application meetings with potential applicants;
- Facilitating citizen participation in the land use process;
- Providing notice and information on land use applications to surrounding property owners and affected agencies;
- Completing a thorough review of proposed development projects and writing required legal findings;
- Making presentations on land use applications at Planning Commission and City Council public hearings;
- Conducting Site Plan Reviews for all development projects.

The goal of Community Development is to conduct thorough, accurate, balanced, expeditious and consistent reviews of land use applications to benefit the livability of the present and future citizens of the City of Roseburg. The review process, as well as submission of plans and materials may vary depending on the type of land use application(s) required.

All land use applications are to be submitted to the Community Development Department located at:

Roseburg City Hall

Monday through Friday – 8:00 a.m. to 5:00 p.m.
(Closed during the noon hour.)

Third Floor

Phone Number – 541-492-6750

900 SE Douglas Avenue

e-mail: tclemons@cityofroseburg.org OR

Roseburg OR 97470

e-mail: cmorgan@cityofroseburg.org

When a project requires multiple permits they may be filed concurrently. Application acceptance is based on:

- Having a completed application signed by the property owner(s)
- Fees, as established by City Council Resolution, paid at the time of submittal
- Required plans drawn at a standard architect or engineer scale, which show the name, address, phone number and preparer
- Plans assembled into sets per the number listed in the Submittal Requirements checklist.
- Plans submitted with the initial application are distributed for review by other City departments and agencies; if necessary, you may be contacted to provide additional plan sets
- When a PowerPoint Presentation is required (for permits to be reviewed by the Planning Commission and/or City Council), the presentation is to be submitted

once the application has been deemed complete, but no less than 72 hours prior to any public hearings

Timing:

Once any application has been received, per Oregon Revised Statutes (ORS) and LUDO the Community Development Department must determine if it is complete within 30 days. If the application is found to be incomplete the applicant will be notified in writing within 30 days as to any needed revisions or additional materials, as well as optional responses.

Once an application is deemed complete, it will be scheduled for consideration based on noticing requirements and the regular meeting schedule. Typically, an administrative land use application is reviewed and acted on within 45-days of being deemed complete. This allows for the preparation and mailing of the required 15-day public notice to property owners within 100 feet of the subject property. A land use application that needs to be reviewed and acted on by the Planning Commission will be scheduled based on the required 20-day public hearing notices sent to property owners within 300 feet of the subject property, as well as any 35-day notice to the Department of Land Conservation and Development (DLCDD) required for certain types of applications. The Planning Commission holds regular meetings on the first Monday of each month.

Review Process:

For administrative land use permits, the applicant will be notified of the decision date and will also be required to post notices (provided by Community Development Department) in the vicinity of the project site. If the application is found to be in compliance with the LUDO approval criteria and there are no remonstrance (objections) received, staff will prepare a decision document to be forwarded to the applicant, agent, and owner. If remonstrances are received, the item may be forwarded to the Planning Commission for consideration.

For matters heard by the Planning Commission, a written staff analysis will be prepared to be available at least 7 days prior to the Planning Commission public hearing. This report will include a description of the proposal, analysis based on the approval criteria, conclusion and a recommendation. Draft Findings of Fact (decision) may also be provided at the initial meeting for the Planning Commission's consideration. If Findings of Fact are not adopted at the initial meeting, they are typically presented at the next regular meeting. Once Findings of Fact are adopted, the decision of the Commission is final unless an appeal is filed within 14-days of the decision.

Appeal procedure:

Any affected party, as defined in LUDO, may appeal a decision on a Land Use application. An administrative decision by the Community Development Director may be appealed to the Planning Commission. A decision by the Planning Commission may be appealed to the City Council. Filing an appeal requires submitting a "Notice of Review" (form available from Community Development) along with the appropriate fee, within 14-days of the decision. The appeal is to be submitted to the Community Development Department.

LAND USE APPLICATION SUBMITTAL REQUIREMENT

The following checklist will be used to determine completeness

- One complete/signed **application** form

5 copies of plans larger than 11" X 17"; 1 copy if 11" X 17" or smaller

Site Plan shall include:

- Title block
- North arrow and scale of drawing
- Vicinity map showing property location within the City of Roseburg
- Adjacent existing and proposed streets and name of each street, dimensioned to show width and distance from centerlines
- Points of access (vehicular and pedestrian from each street)
- All property lines and their dimensions and total lot area
- All existing and proposed building(s), their dimensions and setback from property line
- All existing and proposed paved surfaces, including walkways, driveways, etc.
- All existing and proposed parking spaces, loading spaces, and bicycle parking, and their dimensions
- All existing and proposed landscape areas
- All trash enclosures and/or recycling facilities
- All existing and proposed freestanding signs and their dimensions
- Location of nearest building on abutting lots illustrated with edge line and use type identified
- All existing and proposed pad, ground or wall mounted equipment, utility vaults, transformers, backflow devices, gas meters, fire hydrants, mail boxes, light poles
- All existing and proposed fences including height and types
- All existing and proposed easements and their purpose
- Existing contour lines at two-foot intervals

5 copies of plans larger than 11" X 17"; 1 copy if 11" X 17" or smaller

Elevations that includes**

- Title Block
- Elevations labeled appropriately north, south, east and west of all existing and proposed building(s)
- Height from top of nearest adjacent curb at the front property line to the highest point of the structure(s)
- General architectural features (windows, door, trim, roof pitch, etc.)

5 copies of plans larger than 11" X 17"; 1 copy if 11" X 17" or smaller

Floor Plans that includes**

- Use and dimensions of all existing and proposed areas
- All entrance and exit points
- All enclosed and/or covered parking areas

Supportive Findings of Fact statement - The applicant is required to submit at least one written document to support the application based on the applicable criteria provided in LUDO. (see Review/Approval Criteria for appropriate type of land use action)

Legal Description - It may be necessary to submit a metes and bounds legal description. Staff will advise as a part of the completeness check.

Fee(s) as established by the City Council

Electronic copy of plans for application that are to be reviewed by the Planning Commission and/or City Council as PowerPoint or PDF presentation. (Slides are not to be animated or have large borders)

*As noted, the initial submittal is distributed for review; additional plan sets may be needed to complete the processing.

**If the proposal does not include any structures and/or buildings, elevations and floor plans are not required.

I hereby certify that I have reviewed the above checklist and have provided all applicable Submittal Requirements for this project.

TEMPORARY USE PERMIT REVIEW APPROVAL CRITERIA

Application Filing Fee - \$104.00

Pre-Application Conference

A pre-application conference is required for all requests, unless the Director indicates otherwise. The purpose of the conference is to provide an exchange of information regarding applicable Codes, programs, plans, and policies, and to provide technical assistance. Conceptual plans are acceptable for this process; however, the more information provided the more details can be determined.

Purpose

A Temporary Use Permit is to provide for uses and activities that are temporary or seasonal in nature and do not conflict with the zoning district in which they are located. Temporary uses may include such things as housing of personnel, storage and use of supplies and equipment, or to provide for a temporary sales office, temporary signs, outdoor gatherings, short-term uses, roadside stands, or other uses not specified in Land Use and Development Ordinance (LUDO). A Temporary Use Permit can be granted for a maximum of one (1) year, it may be renewed per the method used to originally grant the permit.

Procedure

The Community Development Director may review Temporary Use Permits administratively. A decision of the Director can be appealed to the Planning Commission upon filing a "Notice of Review." Also, depending on the type of project and/or community interest, the Director may refer the application to the Planning Commission for review and action.

Type of Review

Administrative applications require a public notice 15-days prior a decision. Notices are mailed to all property owners within 100 feet of the subject site, as well as being posted in the vicinity of the property. If the case is referred to the Planning Commission, 20-days prior, notices are mailed to all property owners within 300 feet of the subject site, as well as being posted in the vicinity of the property and published in the newspaper.

Approval Criteria

Section 5.9.030 of LUDO provides a Temporary Use Permit shall be granted only if the proposed structure, activity or use would not have the effect of permanently rezoning or granting a privilege not shared by other properties in the same zone district, or cause recurrent that requires specific or general regulations to control the use. No temporary use permit shall be transferable to any other owner or occupant.

Additional LUDO Provisions

Section 5.9.040 provides that Reasonable conditions may be imposed pursuant to Section 5.8.070 by the approving authority in connection with the Temporary Use Permit to minimize the potential impact of the proposed use to other uses in the vicinity. Guarantees and evidence may be required that such conditions will be or are being complied with. Such conditions may include, but are not limited to, the following:

- a) Special yards and spaces;
- b) Fences or walls;
- c) Control of points of vehicular ingress and egress;
- d) Special provisions on signs;
- e) Landscaping and maintenance thereof;
- f) Maintenance of the grounds;
- g) Control of noise, odors, or other nuisances;
- h) Limitation of time for certain activities;
- i) Any temporary permit shall clearly set forth the conditions under which the permit is granted, and shall clearly indicate the time period for which the permit is issued. No Temporary Use Permit shall be transferable to any other owner or occupant, but may be renewable through the administrative action process.

All structures for which a Temporary Use Permit is issued:

- a) Shall meet all other requirements of the Zoning District in which they are located;
- b) Shall meet all applicable health and sanitation requirements;
- c) Shall meet all applicable building code requirements;
- d) Shall be removed upon expiration of the Temporary Use Permit unless renewed by the Director or converted to a permitted use.
