

**CITY OF ROSEBURG**  
**Community Development Department**  
**LAND USE APPLICATION PROCESS**

The City of Roseburg Land Use and Development Ordinance (LUDO) regulates development projects within the City, as well as some areas outside the City's limits within the Urban Growth Boundary. Community Development reviews new development proposals, as well as changes to existing uses and developments for compliance with LUDO, the City of Roseburg Comprehensive Plan, and other applicable codes and programs.

Typical Land Use Review functions include:

- Coordinating pre-application meetings with potential applicants;
- Facilitating citizen participation in the land use process;
- Providing notice and information on land use applications to surrounding property owners and affected agencies;
- Completing a thorough review of proposed development projects and writing required legal findings;
- Making presentations on land use applications at Planning Commission and City Council public hearings;
- Conducting Site Plan Reviews for all development projects.

The goal of Community Development is to conduct thorough, accurate, balanced, expeditious and consistent reviews of land use applications to benefit the livability of the present and future citizens of the City of Roseburg. The review process, as well as submission of plans and materials may vary depending on the type of land use application(s) required.

All land use applications are to be submitted to the Community Development Department located at:

Roseburg City Hall	Monday through Friday – 8:00 a.m. to 5:00 p.m. (Closed during the noon hour.)
Third Floor	Phone Number – 541-492-6750
900 SE Douglas Avenue	e-mail: <a href="mailto:mwillis@cityofroseburg.org">mwillis@cityofroseburg.org</a> OR
Roseburg OR 97470	e-mail: <a href="mailto:cmorgan@cityofroseburg.org">cmorgan@cityofroseburg.org</a>

When a project requires multiple permits they may be filed concurrently. Application acceptance is based on:

- Having a completed application signed by the property owner(s)
- Fees, as established by City Council Resolution, paid at the time of submittal
- Required plans drawn at a standard architect or engineer scale, which show the name, address, phone number and preparer
- Plans assembled into sets per the number listed in the Submittal Requirements checklist. Rolled plans are not accepted
- Plans submitted with the initial applications are distributed for review by other City departments and agencies; if necessary, you may be contacted to provide additional plan sets

- When a PowerPoint Presentation is required (for permits to be reviewed by the Planning Commission and/or City Council), the presentation is to be submitted once the application has been deemed complete, but no less than 72 hours prior to any public hearings

**Timing:**

Once any application has been received, per Oregon Revised Statutes (ORS) and LUDO the Community Development Department must determine if it is complete within 30 days. If the application is found to be incomplete the applicant will be notified in writing within 30 days as to any needed revisions or additional materials, as well as optional responses.

Once an application is deemed complete, it will be scheduled for consideration based on noticing requirements and the regular meeting schedule. Typically, an administrative land use application is reviewed and acted on within 45-days of being deemed complete. This allows for the preparation and mailing of the required 15-day public notice. A land use application that needs to be reviewed and acted on by the Planning Commission will be scheduled based on the required 20-day public hearing notices, as well as any 45-day notice to the Department of Land Conservation and Development (DLCD) required for certain types of applications. The Planning Commission holds regular meetings on the first and third Monday of each month.

**Review Process:**

For administrative land use permits, the applicant will be notified of the decision date and will also be required to post-notices (provided by Community Development Department) in the vicinity of the project site. If the application is found to be in compliance with the LUDO approval criteria and there are no remonstrance (objections) received, staff will prepare a decision document to be forwarded to the applicant, agent, and owner. If remonstrances are received, the item may be forwarded to the Planning Commission for consideration.

For matters heard by the Planning Commission, a written staff analysis will be prepared to be available at least 7 days prior to the Planning Commission public hearing. This report will include a description of the proposal, analysis based on the approval criteria, conclusion and a recommendation. Draft Findings of Fact (decision) may also be provided at the initial meeting for the Planning Commission's consideration. If Findings of Fact are not adopted at the initial meeting, they are typically presented at the next regular meeting. Once Findings of Fact are adopted, the decision of the Commission is final unless an appeal is filed within 14-day of the decision.

**Appeal procedure:**

Any affected party, as defined in LUDO, may appeal a decision on a Land Use application. An administrative decision by the Community Development Director may be appealed to the Planning Commission. A decision by the Planning Commission may be appealed to the City Council. Filing an appeal requires submitting a "Notice of Review" (form available from Community Development) along with the appropriate fee, within 14-days of the decision. The appeal is to be submitted to the Community Development Department.

## LAND USE APPLICATION SUBMITTAL REQUIREMENT

The following checklist will be used for determine completeness

- One complete/signed **application** form

5 copies of plans larger than 11" X 17"- 1 copy if 11" X 17" or smaller

**Site Plan** shall include:

- Title block
- North arrow and scale of drawing
- Vicinity map showing property location within the City of Roseburg
- Adjacent existing and proposed streets and name of each street, dimensioned to show width and distance from centerlines
- Points of access (vehicular and pedestrian from each street)
- All property lines and their dimensions and total lot area
- All existing and proposed building(s), their dimensions and setback from property line
- All existing and proposed paved surfaces, including walkways, driveways, etc.
- All existing and proposed parking spaces, loading spaces, and bicycle parking, and their dimensions
- All existing and proposed landscaped areas
- All trash enclosures and/or recycling facilities
- All existing and proposed freestanding signs and their dimensions
- Location of nearest building on abutting lots illustrated with edge line and use type identified
- All existing and proposed pad, ground or wall mounted equipments, utility vaults, transformers, backflow devices, gas meters, fire hydrants, mail boxes, light poles
- All existing and proposed fences including height and types
- All existing and proposed easements and their purpose
- Existing contour lines at two-foot intervals

5 copies of plans larger than 11" X 17"- 1 copy if 11" X 17" or smaller

**Elevations** that includes\*\*

- Title Block
- Elevations labeled appropriately north, south, east and west of all existing and proposed building(s)
- Height from top of nearest adjacent curb a the front property line to the highest point of the structure(s)
- General architectural features (windows, door, trim, roof pitch, etc.)

5 copies of plans larger than 11" X 17"- 1 copy if 11" X 17" or smaller

**Floor Plans** that includes\*\*

- Use and dimensions of all existing and proposed areas
- All entrance and exit points
- All enclosed and/or covered parking areas

**Supportive Findings of Fact statement** - The applicant is required to submit at least one written document to support the application based on the applicable criteria provided in LUDO. (see Review/Approval Criteria for appropriate type of land use action)

**Legal Description** - It may be necessary to submit a metes and bounds legal description. Staff will advise as a part of the completeness check.

**Fee(s)** as established by the City Council

**Electronic copy of plans** for application that are to be reviewed by the Planning Commission and/or City Council as PowerPoint or PDF presentation. (Slides are not to be animated or have large borders)

\*As noted, the initial submittal is distributed for review; additional plan sets may be needed to complete the processing.

\*\*If the proposal does not include any structures and/or buildings, elevations and floor plans are not required.

I hereby certify that I have reviewed the above checklist and have provided all applicable Submittal Requirements for this project.

## VACATION OF RIGHT-OF-WAY REVIEW APPROVAL CRITERIA

**Application Filing Fee** - \$354.00 plus \$300.00 deposit towards the cost of Notice and Recording

### **Pre-Application Conference**

A pre-application conference is required for all requests, unless the Director indicates otherwise. The purpose of the conference is to provide an exchange of information regarding applicable Codes, programs, plans, and policies, and to provide technical assistance. Conceptual plans are acceptable for this process; however, the more information provided the more details can be determined.

### **Purpose**

Municipal Code Chapter 4.06 set forth the process to vacate City public ways including all or part of a street, avenue, alley, plat, public square or other public place dedicated to the public.

### **Procedure**

The Community Development Department circulates the application for review by other City Departments and utility providers. After all interested parties have submitted written comments on the proposal, the City Recorder's schedule a public hearing for City Council to review and action on an Ordinance.

### **Type of Review**

Ordinances require a public hearing notice to be published each least once and posted in at least two places at or near the right-of-way proposed to be vacated for two consecutive weeks, and mailed at least 20 days prior, to the applicant, petitioners, and property owners 400 feet beyond the end and 200 feet laterally from the proposed right-of-way. Ordinances receive a first reading and at the next available meeting are adopted after a second reading, becoming effective 30 days later.

### **Approval Criteria**

Per Chapter 4.06.040 the City Recorder is to initiate the proposed vacation proceedings mandated by State law by setting a public hearing before the City Council provided all affected City departments and public utilities support the application.

### **Additional LUDO Provisions**

- A licensed surveyor shall prepare and sign a legal metes and bounds description of the area to be vacated and have the data approved the Douglas County Surveyor's Office.
- The applicant is to pay for the fair market value of the vacated public right-of-way. This is based on an appraisal prepared, at the applicant costs, by an appraiser licensed by the State of Oregon and qualified to appraise the type of public right-of-way to be vacated. If value is anticipated to be less than \$5,000.00, the City Manager may waive the requirements for a professional appraisal.
- If actual costs for processing are less than the initial deposit, the excess will be refunded. Within 20 days of notification, the applicant shall pay any identified additional costs beyond the initial deposit.
